

## **Transformative Neighborhood Planning Meeting**

Meeting Purpose: A platform open to all members of the Community Action Area with the goal to build consensus on the issues that neighbors want to address and to develop action plans by mapping assets in the community. This serves as an opportunity to ensure an equitable representation of voices from neighborhoods surrounding the Gibson Health Hub. Together we will establish community guidelines and identify boundaries for the purpose of ensuring respect and courtesy, prioritizing productive ideas and communication to identify root causes of poverty, crime and violence in the community.

Our goal is to find a balance between moving our conversations forward in identifying greater solutions and intentions, while still addressing concerns in real-time.
