### Choose your way to save with a 3-month supply

Save by moving your maintenance medications (those prescription drugs you take regularly) to a 3-month supply. You have a choice to either visit one of more than 8,500 convenient Walgreens locations, one of the select independent pharmacies in the Albuquerque area or to use Express Scripts home delivery pharmacy services when filling drugs to treat an ongoing condition. Two courtesy 30-day retail fills are allowed before you must move to a 90-day fill via participating retail pharmacies or Express Scripts home delivery.

### Saving with Generics

FDA-approved generics are as safe and effective as their brand-name counterparts. If you're taking a brand-name drug, talk to your doctor and ask whether a less expensive generic drug could treat your condition. If your doctor agrees, ask your doctor to write a new prescription for the generic that you can fill through your prescription benefit.

### Home Delivery... it's quick and easy
