

# Mammography saves time and lives

## Early detection is the best protection

**Most women age 50 - 74 should have a screening mammogram every 2 years.**

If you are 40 – 49 years old, or think you may have a higher risk of breast cancer, ask your doctor when to have a screening mammogram.

*The mobile mammography unit brings advanced digital breast cancer screening technology on the road to Albuquerque.*

**APR / MAY**

**2022**

**Thursday, April. 7 • 8 am – 5 pm 911 / Fire Academy**

**Thursday, May 12 • 8 am – 5 pm City Hall Vicinity (6th & Marquette)**
