Office of the Mayor Timothy M. Keller

DECLARATION OF ORDER TO CANCEL NON-ESSENTIAL EVENTS AND GATHERINGS, CONTINUE PROPER DISPOSAL OF TRASH AND PROHIBIT DUMPING, IMPLEMENT SAFETY MEASURES IN GROCERY STORES, ACCELERATE PUBLIC WORKS PROJECTS, AUTHORIZE VIRTUAL MEETINGS OF PUBLIC BOARDS, COMMISSIONS AND COMMITTEES, DUE TO NOVEL CORONAVIRUS COVID-19

WHEREAS, on March 17, 2020, I declared a Local State of Emergency to exist throughout the City of Albuquerque due to the disastrous effects from COVID-19; and

WHEREAS, as a part of that declaration, I issued an order canceling all nonessential City-sponsored gatherings and events and required all places of private employment to take reasonable social distancing measures to minimize exposure of COVID-19; and

WHEREAS, on March 19, 2020, the New Mexico Department of Health issued a public health order forbidding gatherings of 10 or more people, requiring restaurants, bars, and breweries to move to delivery or to-go service only, ordering hotels and motels to operate at no more than 50% capacity, and requiring casinos, horseracing facilities, recreational and athletic facilities, health clubs, resort spas, flea markets, theaters including movie theaters, and shopping malls to close in order to limit the spread of COVID-19;

WHEREAS, Albuquerque residents have embraced social distancing practices and aggressive hygienic precautions to protect others and themselves; and

WHEREAS, in a short period of time, COVID-19 has rapidly spread throughout the City of Albuquerque and the State of New Mexico, necessitating updated and more stringent guidance from local, state, and public health officials; and

WHEREAS, on March 23, 2020, the New Mexico Department of Health issued a second public health order forbidding gatherings of five (5) or more people outside of the home, requiring all nonessential businesses to cease in-person operations, requiring all call centers to reduce in-person operations by 100%, and directing New Mexico Citizens to stay at home while undertaking only

those outings absolutely necessary for their health, safety, and welfare, in addition to the directives instated by the order issued on March 19, 2020; and

WHEREAS, on April 6, 2020, the New Mexico Department of Health issued a third public health order narrowing the definition of essential businesses, reinforcing the ban of all mass gatherings of five (5) or more people except for groups inside a residence that regularly reside together, ordering all non-essential businesses to reduce any in-person workforces by one hundred percent (100%), reducing the maximum allowable number of customers allowed in an essential retail space to twenty percent (20%) of the maximum occupancy of that retail space as determined by the fire marshal or fire department, ordering all hotels, motels, RV parks, and other places of lodging not to operate at more than twenty-five percent (25%) occupancy with an exception for health care workers engaged in provision of care to individuals utilizing lodging for extended stays, temporary housing, or for purposes of quarantine or isolation due to COVID-19, banning the operation of short-term vacation rentals except for providing housing to out-of-state health care workers who are engaged in the provision of care in New Mexico, reinforcing the prior stay at home order, directing retailers to take action to reduce hoarding, and directing New Mexicans to avoid all nonessential travel and self-quarantine for at least fourteen (14) days after all out of state travel; and,

WHEREAS, the health orders issued by the New Mexico Department of Health are progressively narrowing the definition of eligible businesses in order to slow the spread of COVID-19, and the City recognizes that this conservative approach by the New Mexico Department of Health prioritizes public safety; and

WHEREAS, there is continued evidence of increasing occurrence of COVID-19 within the City of Albuquerque, and some individuals who contract COVID-19 show no symptoms and may not be aware that they have the virus, meaning that gatherings can result in otherwise preventable transmission of the diseases; and

WHEREAS, scientific evidence shows that it is essential to slow virus transmission as much as possible to protect the most vulnerable populations and to prevent the healthcare system from being overwhelmed, and that separating people through social distancing and self-isolation are the most effective measures to limit the spread of COVID-19; and

WHEREAS, while government entities have previously taken strong action, the City must now adopt additional emergency measures to further limit the spread of COVID-19; and

WHEREAS, the intent of this order is to ensure that the maximum number of people self-isolate in their residences to the maximum extent feasible to slow the spread of COVID-19 to the greatest

extent possible while enabling the continuation of essential services, businesses, and necessary travel to protect public health and safety; and

WHEREAS, public works construction has been explicitly identified by the Governor and Secretary of Health as an essential service, and the accelerated continuation of public works construction projects, with proper safeguards, during this health crisis and resulting economic crisis, is necessary to prevent layoffs while allowing contractors to take advantage of empty buildings and streets, and will furthermore provide critical momentum towards achieving the long-term economic recovery from this crisis; and

WHEREAS, the continued operation of the City's public boards, commissions, and committees is a key to providing responsive and well-informed government services; and

WHEREAS, the emergency expenditures and the overall magnitude of the financial harm due to Executive Order 2020-004 and closing of New Mexico public schools of COVID-19 has yet to be determined; and

WHEREAS, the City of Albuquerque faces the continuing threat of untold damage to public health thereby perpetuating an uncertain financial burden; and

WHEREAS, this local emergency constitutes a public health emergency, and the resulting damage is of such magnitude as to be beyond local control and requires the resources of the State to minimize economic and physical harm necessary to protect the public health, safety, and welfare of the people and property in Albuquerque.
