

DEFEND ALBUQUERQUE

CRITICAL COLLABORATIONS

ONE ALBUQUERQUE

Federal policies are threatening Albuquerque families—putting essential protections, jobs, and funding at risk. Trump’s cuts are hitting public safety, housing, small businesses, and vital services. Mayor Tim Keller and City leaders are fighting back to protect our families, jobs, and future.

New Mexico’s federal delegation is also pushing back, and state leaders are stepping up with new protections—like a Medicaid trust fund and bills of rights for renters, environmental protections, reproductive freedom, and the rights of immigrant communities.

No matter the challenge, we remain committed to defending our community. This is our city. This is our fight. Together, let’s protect what matters most.

WHAT WE ARE UP AGAINST

Federal policies under the Trump administration threaten critical programs and resources that support our community:

CUTS TO PUBLIC SAFETY

\$200M+ AT RISK

Over \$200M in federal grants at risk, including early childhood development programs, funding for officers to keep streets safe and sexual assault testing kits.

INFRASTRUCTURE GRANTS

Grants for city projects in jeopardy, including housing, road safety and development.

HOUSING & HOMELESS SUPPORT

Essential housing programs under threat, including \$25M for 400 units at Uptown
