

**Project No: 5798.82; Site Assessment and Design of the Yale Operations & Maintenance Facility**

**Site Walk-Through**

There will be a non-mandatory site walk-through on Monday, September 12, 2022 at 11:00 AM. We will provide options to join the group remotely via FaceTime, upon request. Please contact [kcbarkhurst@cabq.gov](mailto:kcbarkhurst@cabq.gov) to arrange for this option.

Please meet at the entrance of the Yale Administration building. Parking is available in the employee parking lot accessed off of St. Cyr. ABQ RIDE Routes 50 & 250 serve the site directly and connect between the airport and downtown, and Route 97 is within walking distance of the site.

Enter from the St. Cyr driveway and join the group outside the administration building.
