

Community Facilities

<u>Project Title</u>	<u>2013</u>	<u>Scope</u>
		<i>Environmental Health</i>
Health and Safety Equipment, Vehicles and Facilities	\$355,000	Plan, design, construct, purchase equipment and service vehicles, and otherwise improve and/or rehabilitate Environmental Health Department facilities associated with City managed and /or regulated environmental health programs. Programs may include, but are not limited to air quality; consumer health protection; environmental services; epidemiology; household hazardous waste; landfill investigation, monitoring and remediation; strategic support and urban biology.
Los Angeles Landfill Remediation	\$200,000	Design and construct improvements at the former Los Angeles Landfill. Improvements may include but are not limited to, grading and drainage required by subsidence of the landfill from deteriorated municipal solid wastes; utilities which require replacement due to subsidence; improvements to the landfill gas extraction/flare system; soil vapor extraction and ground water remediation system; improvements to the drainage inlet at the North Diversion Channel; and any other action required to protect the health and safety of the public.
EPA Ozone Mandate	\$50,000	Plan, design and purchase emissions inventory collection and reporting system, air quality monitoring equipment and professional modeling services to respond to unfunded EPA-mandated reporting of large source air emissions and anticipated reduction of ozone concentration.
Westside Air Quality Building Rehabilitation	\$145,000	Plan, design, construct and/or rehabilitate existing westside Air Quality Building and components to extend serviceable life and increase energy efficiency. Purchase related equipment, lighting and furnishings.
Total	\$750,000
