

Public Safety

Project Title

2009

Scope

Police

Sixth Area Command, Phase II

\$3,200,000

Design, construct, and purchase related furnishings and equipment for the Sixth Area Command in Albuquerque. The construction will be completed in two phases. The first phase will include infrastructure and ROW improvements to Ellison and Cibola Loop, in conjunction with the implementation and opening of a temporary substation at the site to be operational by early 2008. The second and final phase will consist of all remaining site improvements and construction of the permanent Command Headquarters, slated for completion the following year.

Marked Police Vehicles

\$2,500,000

Purchase marked police vehicles and equipment as required by R-07-12.

Total

\$5,700,000
