Approval of Agenda

Dan motioned to amend the agenda to add Wayne Inniss' presentation; it was unanimous.

Approval of Meeting Minutes

Dan motioned to approve the October 2019 minutes; it was unanimous.

Presentations

Wayne Inniss – Presented on the future of e-bike use and their growing popularity. Mr. Inniss noted that there is currently confusion between different agencies on the regulation of e-bikes on trails and open space areas. There is also confusion about on definition of signs saying No Motorized Vehicles - is an e-bike considered motorized? Request to push legislation for a 3-tier e-bike category system.

Karen Iverson – Rail Trail Project: Just completed the planning phase for a multi-use trail from Central to Lomas with road and crossing improvements @ Marquette/Tijeras. The trail is proposed to have a 13' path requiring 25' of right of way. Development of the trail hopes to encourage a sports tourism package, which will require additional funding. The Metropolitan Redevelopment Agency have not met with the Rail Bureau yet since the project is still conceptual.

Staff Reports

- DMD Engineering
 - University Phase II is now complete.
 - Ladera is under construction
