

DONATION NEEDS FOR WEEK

JUNE 3

Please disregard any list from any other date.

We are hosting more travelers each week and our supplies are being consumed at a rapid pace. We are thankful for the generous donations from everyone.

To honor your giving hearts, we want your dollars and resources to best serve out travelers' needs. We respectfully request that you donate per the ever-changing weekly needs list.

The asylum seekers travel very light with what they need for only a few days of travel. We are currently assisting 400 plus per week so focused giving best serves the needs of our traveling guests.

**Money is always our first request
Volunteer help is second... without you nothing happens.**
