Reports to: Director of Equity and Inclusion  
FLSA Status: Exempt, unclassified employee  
Salary: Up to $72,800 depending on experience  
Location: City Hall (limited remote two days per week max)  
Tentative Start Date: As soon as possible  
Deadline to Apply: May 6, 2022 send resume & letter to oei@cabq.gov

About the Office of Equity and Inclusion:  
OEI’s mission is to inspire and equip city government to make Albuquerque a national role model of racial equity and social justice. Established by Mayor Tim Keller in March 2018, the Office has grown from two FTEs to 11, and includes the offices of Native American, Immigrant and Refugee Affairs and Black Community Engagement, as well as a Culture Change Leader and a health equity team. Since 2018, the Office has helped shape policies and practices that embed a racial equity lens, using data analyses, data visualizations, lived experience insights, and toolkits to build the City’s capacity for culture change.

The City of Albuquerque is a member of GARE, the Government Alliance on Race and Equity, a national network of local, regional and state government jurisdictions. Racial equity practitioners within member jurisdictions design and implement strategies that serve to advance a more just and equitable society.

The goals of the Office of Equity and Inclusion are to:
Develop a city workforce that is representative at all levels of the demographics of the city
Increase local purchasing and doing business with companies owned by people of color and women
Invest in areas of the city that have been under-invested and under-resourced
Ensure that the city delivers city services in an equitable and inclusive manner

Position Summary:
The Race and Equity Data Insights Analyst promotes the use of data and equity research and tools to evaluate policies and practices to identify and eliminate institutional barriers to equity. This position is responsible for extracting, querying, mapping, visualizing and otherwise analyzing data and information for a number of priority areas; This position works closely with colleagues to develop graphs, charts, story maps and other presentations that contain data and analyses; recommends data-driven policy and programmatic interventions on topics including, but not limited to workforce equity, procurement equity, capital improvement project equity, cannabis equity, housing equity, transit equity and special projects. This position provides technical assistance and training to city departments engaged in racial equity work using a wide range of analytical tools and methods.
