FREE SWIM LESSONS

The Aquatics Division wants to make it easy for families in need to enroll their child or children in swim lessons through the East San Jose Swim Academy.

Kids eligible to receive free lessons include Title One students, Indian Pueblo children, low-income and at-risk youth, ages 3 - 14yrs old.

We need your help in reaching out to families with children in your program to identify kids who would like to take advantage of this opportunity to receive free swimming lessons.

Your participation is greatly appreciated! If you are interested in helping us find children in need who may be interested in free swimming instruction, or if you would like more information, please contact :
