The City of Albuquerque plans for, develops, and maintains many of its roadways, including passes through Rio Grande Valley State Park, with opportunities to see road safety signs and other control devices applicable to vehicles, unless otherwise indicated.

### Road Safety Signs

- **Yield to Bicyclists:** When leaving a bicycle lane, the bicyclist shall use caution and yield to motorists when it is safe to do so and can be done without interfering with the safe flow of traffic.

### Bicycle Lanes

- **Ride in a Straight Line:** Shoulders check regularly and use a scan the road behind.

### Cycling 101 Class

- **Do I have the patience not only to teach my child traffic laws but also to model good practices?**
- **Do we live in an area which is safe for children on bicycles? If not, can we work with the local government to make it safe?**

### Rules of the Road

- **Wear bright clothing so motorists will notice you.**
- **Plan your commute, you may be able to wear your work clothes on your bike.**
- **Linier:** Carry a spare tube or patch kit, tire levers and a pump and know how to use them.

### Multi-Use Trails

- **Share the trail.** Albuquerque's trails have been designed for a variety of uses, and not only for cyclists. The following images, courtesy of the Open Space Trail Maintenance Division, are reproduced here with the permission of the Mayor and Council of the City of Albuquerque.

### Open Space Bike Shop

- **Phone:** 820-5730
- **Address:** 1050 Santa Fe Drive NE

### On-Street Bikeways

- **Share the road.** Bikes and cars must share the road, and motorists must yield to bicycles when it is safe to do so.

### Bike Boxes

- **On-Street Bike Boxes:** Make-Cycle name symbols at intersections.
