Summer 2021 Pool Schedule

All indoor City pools are open for [Lap Swim](#) for individuals 9 years of age and older (one person per lane regardless of relation).

Lap Swimming: designed for organized swimming up and down the length of the pool repeatedly. Individual must be making constant forward progression.

Those with a reservation can now bring up to one (1) guest to share their reserved lap lane. If sharing a lane, users must enter and exit from opposite ends of the reserved lane. Guests will complete and sign a waiver and pay at the door. Credit card payments only at this time.

Showers post swim session are highly discouraged due to the need to begin proper disinfection of the facility. All swimmers must exit the facility 15 minutes after the end of lane reservation period.

Waivers

Please initial below for each disclaimer:

Precautions will be taken to prevent the spread of COVID-19 as per City Department policy and procedures. However, because the virus spreads easily, because people may be symptomless and contagious, and because the City cannot entirely prevent the possibility of spread from human interaction, the registrant understands that there is a chance that attendees may be infected.*

The City will have screening procedures that each attendee must go through each day. If an individual attending the program does not pass the screening criteria, they may not be allowed to attend on that day or for a set period of time.*

Attendees will be asked to disclose certain things to program staff, such as if an attendee is infected, has a family member who is infected, or has been exposed to someone who is infected, or other issues related to COVID exposure or risk.*

The City may decide, based on the Governor's Executive Orders and other state and federal guidance and recommendations, and based on the best interest of the community as a whole, that it must modify the school year program schedule, or that it must cancel the school year program entirely. The registrant understands that while the City will make every effort to proceed as planned with school year programming, that may not be possible, and programs may be modified or cancelled. Should such a determination be made, the City will make every effort to provide as much notice as possible under the circumstances. *

I agree with the above.*
