

D. Design Overlay Zone

- vi) **View Window.** Consists of a vertical portion of a view area that provides an unobstructed view of the Sandia Mountains, and provides a view of the bosque to the extent possible. The direction of a view window may be at an angle between 45° and 90° (inclusive) from the alignment of Coors Blvd. **View windows apply only to properties north of Paseo del Norte.** [156, 166]

REVISED

Figure D-14: View Windows - Two Concepts
