Except where different provisions are specified below, signs within this area shall comply with the General Sign Regulations (Section 40.E.) of the Zoning Code.

1. No off-premise signs are allowed. An existing off-premise sign may remain at any location for so long as the sign continues to be maintained at that location.   - b. Number:
    1. One wall sign shall be permitted per facade per business.

7,501-10,000 sq. ft.	400 sq. ft.
10,001 sq. ft. and up	450 sq. ft.
    2. The size of wall signs can be increased by 30% over that allowed in 2.c.1., provided that they may not exceed 15% of the area of the facade to which they are applied, if there are no free-standing signs on the premises.
    3. The size of a free-standing sign shall not exceed 75 square feet.
  - d. Height:
    1. Height of a wall sign shall not exceed the height of the wall to which it is attached.

ZONE.

WHEREAS, the Council, the governing body of the City, has the authority to adopt plans for physical development within the planning and platting jurisdiction of the City, as authorized by New Mexico statutes and by the City Charter as allowed under home rule provisions of the New Mexico Constitution; and

WHEREAS, Sunport Boulevard, the planned arterial street running directly between I-25 and the Albuquerque International Airport, will be one of the most important street segments in Albuquerque, equally important to Coors Boulevard where the City does not allow off-premise signs and has special limitations as to on-premise signs; and

WHEREAS, the present sign regulations are so permissive as to potentially cause major damage to views along this road; and

WHEREAS, although land along this route is largely vacant to date, development in the near future can be anticipated; and

WHEREAS, the alignment for the new section of Sunport Boulevard, established by Enactment 167-1991, should be protected by sign controls to disallow off-premise signs and to limit on-premise signs within the Sunport corridor; and
