1-17 AVIATION DIVISION

Related SOP(s), Form(s), Other Resource(s), and Rescinded Special Order(s):

A. Related SOP(s)

   2-5 Use of Police Vehicles
   2-25 Bomb Threats and Bomb Emergencies
   2-73 Submission of Evidence, Confiscated Property, and Found Items

B. Form(s)

   Aviation Division In-Processing Checklist

C. Other Resource(s)

   49 C.F.R. Part 15 Protection of Sensitive Security Information
   49 C.F.R. Part 1520 Protection of Sensitive Security Information
   49 C.F.R. Part 1542 Airport Security
   49 U.S.C. § 114(s) Transportation Security Strategic Planning
   Aviation Division Operational Manual (AOM)

D. Rescinded Special Order(s)

   None

1-17-1 Purpose

The purpose of this policy is to provide law enforcement service and security within the Albuquerque International Sunport and designated surrounding areas.

1-17-2 Policy

It is the policy of the Albuquerque Police Department (Department) to provide guidelines and procedures for the Aviation Division. It is also the policy of the Department for personnel assigned to the Aviation Division to follow the Airport Security Program (ASP), Security Directives (SD), the Transportation Security Administration (TSA) Other Transaction Agreement (OTA), and the Aviation Division Operational Manual (AOM).

1-17-3 Definitions

   49 C.F.R. Part 1520

   Governs the maintenance, safeguarding, and disclosure of records and information the TSA has determined to be Sensitive Security Information (SSI).
**49 C.F.R. Part 1542**

Requires that law enforcement personnel are available and committed to respond to an incident in support of a civil aviation security program when requested by an aircraft operator or foreign air carrier that has a security program.

**49 U.S.C. § 114(e)**

A National Strategy for Transportation Security and transportation model security plans addressing security risks, including threats, vulnerabilities, and consequences, for aviation, railroad, ferry, highway, maritime, pipeline public transportation, over-the-road bus, and other transportation infrastructure assets.

A. Aircraft Movement Areas

Runways, taxiways, and safety areas used for taxiing, takeoff, and landing of aircraft under control of the Federal Aviation Administration (FAA).

B. Aircraft Operation Area (AOA)

All areas of the airport, located inside the Airport Security Perimeter, including Aircraft Movement Areas, aircraft aprons, cargo ramps, public aircraft parking positions, passenger terminal gates, leased areas, and ground vehicle roadways.

C. Airport Security Program (ASP)

A security program approved by TSA under 49 C.F.R. § 1542.101.

D. Aviation Division Operational Manual (AOM)

Detailed manual containing daily duties and operational responsibilities for the Aviation Division. The information contained in the AOM is SSI and restricted from public disclosure.

E. Canine Explosive Training Aid (CETA)

Aids or devices used in training an Explosives Detection Canine Team (EDCT) TSA-issued canines for the detection of explosive components.

F. Deployment

Any circumstance in which an Explosives Detection Canine Team (EDCT) is utilized to conduct a systematic search for the presence of explosives.

G. Explosives Detection Canine Team (EDCT)
A team that deters and detects the introduction of explosives into the Albuquerque International Sunport and the air carriers it serves. The team consists of sworn personnel includes a handler and TSA-issued canines which are owned and regulated by the TSA and trained in the detection of explosives.

H. Explosive Detection System (EDS) or Explosive Trace Detection (ETD)

An alarm or alert with an indication of explosives, hazardous devices/materials, material or substances utilizing X-ray machines, swabs, computed tomography (CT) scan, whole body imaging devices, spectrometry, neutron activation, or other technology that provides an alert indicating the presence of potential explosives, hazardous devices, materials, or substances.

I. National Explosive Detection Canine Team Program (NEDCTP)

An alarm or alert with an indication of explosives, hazardous devices/materials, material or substances utilizing X-ray, swabs, computed tomography (CT) scan, whole body imaging devices, spectrometry, neutron activation, or other technology.

ADD National Explosive Detection Canine Team Program (NEDCTP) here

The program under which the EDCT operates, which consists of Albuquerque Police Department personnel who are responsible for handling Department of Homeland Security (DHS), Transportation Security Administration (TSA)-issued canines for the purpose of explosive detection.

J. Other Transaction Agreement (OTA)

An agreement between the Department and TSA to cooperate in good faith and perform their respective obligations in executing the purpose of this agreement.

K. Security Directives (SD)

Directives issued by the TSA in the form of an information circular to notify airport operators of security concerns.

L. Security Identification Display Area (SIDA)

A portion of an airport, specified in the ASP, in which security identification badges must be displayed.

M. Sensitive Security Information (SSI)

Information that may only be disclosed on a need to know basis, which is defined in 49 CFR Part 15 and 1520, except with the written permission of the Administrator of the TSA or the Secretary of Transportation as defined in 49 C.F.R. Part 15 and 1520.
N. Statement of Joint Obligations (SOJO)

The document that defines the responsibilities and conditions agreed to by the Department for participation in the TSA National Explosives Detection Canine Team Program (NEDCTP).

O. Suspicious Item

Any item (e.g. baggage, packages, parcels, containers, vehicles, equipment, or devices) where contents are unknown and, based on the totality of the circumstances to include location, placement, appearance, threat or intelligence information and activity prior to its discovery, would raise concerns of public safety.

P. Transportation Operating System (TOS)

Transportation operating systems under the jurisdiction of the participant to include, but not limited to the Albuquerque International Sunport airport, rail, or bus systems, or infrastructures determined by the TSA. The Aviation Division is assigned to the Albuquerque International Sunport TOS.

Q. Transportation Security Administration (TSA)

An agency of the U.S. Department of Homeland Security that has authority over the security of the traveling public in the United States.

R. Unattended Item

Unattended Item: Any item (e.g. baggage, packages, parcels, containers, vehicles, equipment, or devices) where contents are unknown and, based on the totality of the circumstances, would normally be present in the environment in which it was found and is absent of any indicators of a possible IED (Explosive Device).

S. Sensitive Security Information (SSI)

A. The following documents are considered SSI and cannot be released without prior authorization, consistent with in accordance with the 49 C.F.R. Part 1520 and are not subject to transparency and public disclosure under the New Mexico Inspection of Public Records Act (IPRA): The reference of each document identifies sanctions within specific sections of each document:

1. Airport Security Program (ASP);

2. Aviation Division Operational Manual (AOM);

3. TSA Other Transaction Agreement (OTA); and

B. Aviation Division sworn personnel shall not deliberately disseminate SSI.

C. Aviation Division sworn personnel shall not negligently disseminate SSI.

1-17-5 Chain of Command

AOM Section A

A. While assigned to the Aviation Division, all personnel will be under the responsibility of the Aviation Division Commander. Starting at the lowest level all personnel will follow the chain of command when passing on information or discussing issues concerning the Aviation Division.

B. All correspondence and contact with outside agencies or personnel on problems or situations concerning the Aviation Division will be approved by the chain of command. This includes:

1. Any inquiries on Transportation Security Administration (TSA) Directives; and

2. Situations or problems arising concerning Transportation Security Administration (TSA) functions.

1-17-6 Area of Geographical Responsibilities

A. AOM Section B Aviation Division sworn personnel shall be responsible for the following locations within the area of responsibility within the AOA:

Geographical areas consist of the following:

Area of responsibility within the AOA:

1. Albuquerque International Sunport Terminal;
   a. Secure Identification Display Areas (SIDA), including:
   2. Air Carrier SIDA; and
   b. Cargo SIDA;

   Southwest Provisions Building;

3. Baggage tunnel;

Access doors:
4. General Aviation Area; and
5. Airfield Maintenance Facilities.

B. Aviation Division sworn personnel shall be responsible for the following locations outside the Area of Responsibility:

1. Rental car facilities (3400 University Boulevard SW);
2. Sheraton Albuquerque Airport Hotel (2910 Yale Boulevard SE);
3. Sunport Boulevard SE;
4. Sunport Loop SE;
5. Albuquerque International Sunport parking lots and parking garage;
6. Girard Boulevard SE south of Miles Road SE, and
7. The area south of Sunport Boulevard to Rio Bravo Boulevard SE and east of University Boulevard SE.

a. Emergency police responses by Aviation Division personnel outside of the Aviation Division areas of responsibility shall be at the discretion of the on-duty Aviation Division supervisor. Emergency police responses by Aviation Division personnel outside of the aforementioned areas of responsibility shall be at the discretion of the on-duty Aviation Division supervisor. The Aviation Division on-duty supervisor shall direct Aviation Division personnel during emergency responses that are outside of the Albuquerque International Sunport airport property will be at the direction of the on-duty supervisor.

1-17-7 Security Identification Display Area (SIDA) Protocol

A. Aviation Division sworn personnel shall:

1. Qualify for and maintain current Albuquerque International Sunport-issued SIDA Identification;
   a. Failure to do so shall result in removal from the Aviation Division.
2. Swipe their airport badge through a card reader prior to entering the sterile area of the terminal building or SIDA absent exigent circumstances; and.

   Aviation Division employees must qualify for and maintain current Airport issued SIDA Identification. Failure to do so will result in removal from the Division.
3. Officers will visually display their airport Albuquerque International Sunport-issued SIDA identification on their persons at all times, while on-duty.

B. Aviation Division sworn personnel with a valid Albuquerque International Sunport-issued SIDA identification may escort non-badged individuals without a badge.

AOM Section C

1-17-8 Air Control Tower Procedures

A. Aircraft Movement Areas (AMA)

1. Officers will not enter AMA’s unless escorted by Aviation Operations personnel or with their approval.

2. If exigent circumstances exist, an officers sworn personnel may enter the AMA without prior approval.

   a. Prior to doing so, the officers sworn personnel Avation Division sworn Operations personnel shall use all precautions, consider any incoming and outgoing Aircraft Traffic, and the location of the threat or endangered person. An Emergency Communications Center (ECC) Dispatcher and Airport Operations Officers sworn personnel shall be notified as soon as feasible.

AOM Section D

1-17-9 Responsibilities within the Aviation Division

A. New Aviation Division sworn personnel shall complete all sections of the Aviation Division In-Processing Checklist prior to going in service as a solo officer.

B. Aviation Division sworn personnel shall:

   1. Abide by the requirements outlined in the AOM.

   2. Aviation Division personnel shall Safeguard all SSI.

C. Aviation Division sworn personnel assigned to the Aviation Division will not be allowed to participate in collateral duties that require an on-call status due to manning levels required by the ASP.

1-17-10 Explosive Detection Canine Team (EDCT)
A. EDCT Handler Duties

1. The EDCT Handler shall:
   a. Abide by all provisions and requirements dictated within the ASP, OTA, SOJO, AOM, and NEDCTP in addition to all Department SOPs; and
   b. Be responsible for all Department-issued equipment.

2. While their assigned EDCT canine is under their care, the EDCT Handler shall:
   a. Be directly responsible for the care of their assigned canine;
   b. Allow for the care of the EDCT canine by only those persons authorized by the EDCT Supervisor;
   c. Absent exigent circumstances, EDCT Handlers shall check their assigned EDCT canine at least every hour when the EDCT Handler must leave the canine unattended in a vehicle;
   d. Avoid leaving the canines confined in a vehicle or kennel for extended periods of time;
   e. Keep the canine on a leash in the presence of the public unless:
      i. Practicing off-leash obedience; and/or
      ii. Conducting off-leash explosives detection.
   f. Ensure routine examinations and emergency care are performed by licensed, board certified veterinary medical professionals for their assigned canine; and
   g. Maintain safe, sanitary living conditions for the canine while at home and while on-duty.

3. EDCT Handlers shall not:
   a. Allow any person to tease or agitate their assigned EDCT canine; or
   b. Allow any unauthorized person to pet their assigned EDCT canine.

B. CETA

1. The handling and safekeeping of TSA CETA shall be consistent with the OTA and SOJO.

2. For all explosives training aids, at a minimum, EDCT Handlers shall:
   a. Ensure lock boxes and magazines remain locked and secured at all times when not in use and when there is no custodian of the keys present;
b. Handlers will not relinquish control of magazine keys or lock box keys to anyone who is not a designated custodian of the items.

c. Appropriately document each time NEDCTP personnel sign in or sign out magazine keys and CETA, consistent with NEDCTP training and the SOJO; and

d. Follow all guidelines and training provided by the NEDCTP regarding safekeeping and transportation of CETA.

---Aviation Division sworn personnel

3. shall not intentionally relinquish control of CETA.

4. Aviation Division sworn personnel shall not negligently relinquish control of CETA.

C. EDCT Handler On-Call Status

1. The EDCT Handler shall:

   a. be on-call twenty-four (24) hours a day, seven (7) days a week;

   b. EDCT’s will rotate being on an on-call status for seven (7) consecutive days;

   c. Canine handlers will receive eight (8) hours of straight compensatory time for every week (7 days) they are on-call;

   d. Officers will request permission from the EDCT Sergeant prior to covering on-call shifts;

   e. The EDCT handler immediately notify ECC of changes in on-call coverage; and

   f. While EDCT’s are in an on-call status they must be available to respond on-scene at the Albuquerque International Sunport in full uniform and with all of the required equipment to perform their functions within forty-five (45) minutes of notification.

2. The EDCT Handler’s shall not be permitted to work overtime that is unrelated to EDCTK9-specific duties while on-call.

D. EDCT On-Call

EDCT On-Call

1. The EDCT Handler shall:

   a. While on-call, EDCT’s shall respond to any deployment within the guidelines of the NEDCTP and deemed viable by an Aviation Division on-duty supervisor at the designated TOS(s); and

   b. An EDCT will respond to all credible bomb threat calls at the Albuquerque International Sunport.

2. The EDCT Handler’s may be called out:
a. To search for secondary devices after a detonation has occurred;

b. EDCTs may be called out to clear staging areas and command posts for calls involving explosives or threats of explosives;

c. EDCTs may be called out at the discretion of the Aviation Division on-duty supervisor for unattended items that officers who are sworn personnel are unable to resolve through investigation; and, 

d. EDCTs may be called out for any other incident at the discretion of the EDCT Sergeant and in accordance with NEDCTP guidelines.

3. The EDCT shall not be called out for:

a. Items that are deemed “suspicious”, per consistent with the SOJO definition, and would otherwise be subject to an Explosive Ordinance Disposal (EOD) Unit call-out, consistent with APD SOP on Bomb Threats and Bomb Emergencies;

b. Situations that are deemed unsafe for the EDCT canine; and

c. A EDCT handlers will not deploy if the deployment is prohibited by NEDCTP guidelines.

i. The EDCT Sergeant shall have final authority for deployment, consistent with the EDCT Sergeant in accordance with NEDCTP guidelines.

ii. In the absence of the EDCT Sergeant, the EDCT Handlers will comply with any request from an Aviation Division on-duty supervisor as long as it is not prohibited by the NEDCTP.

E. EDCT Canine Bites and Allegation of Bites

1. When an EDCT canine bite or allegation of a bite occurs while on- or off-duty, the EDCT Handler shall:

a. Secure the canine in a safe area away from the effected person;

b. Call Albuquerque Fire Rescue (AFR) and emergency medical services (EMS);

c. Notify the EDCT Sergeant;

i. If the EDCT Sergeant is unavailable, the EDCT Handler will notify the on-duty Aviation Division Sergeant.

d. Request for an officer to investigate and write a Uniform Incident Report;

e. Contact a Crime Scene Specialist (CSS) to photograph injuries, allegations of injuries and process the scene;

f. Provide the effected individual with the Uniform Incident Report case number and the City of Albuquerque Risk Management Division’s email address (riskmgmt@cabq.gov) and phone number (505-768-3080) information;

g. Notify the NEDCTP Headquarters Canine Coordinator;

h. Submit a supplemental narrative to the investigating officer’s Uniform Incident Report prior to the end of shift; and
4-9 AVIATION DIVISION

Policy Index

4-9-1 Purpose

4-9-13 Air Control Tower Procedures

4-9-1 Purpose

The Aviation Division is a specialized division within the Albuquerque Police Department, Field Services Bureau East and is responsible for providing protection and service to all persons and property within the Albuquerque International Sunport and designated surrounding areas.

4-9-2 Policy

i. Notify the City’s of Albuquerque Risk Management Division and forward all documentation to them and provide them with all documentation prior to the end of shift.

The EDCT Sergeant Responsibilities shall

2. Follow-up with the NEDCTP Headquarters Canine Coordinator for potential further action.
It is the policy of the Aviation Division to provide assistance with and direction to the needs of the public and airport tenants through responsive and courteous interaction as directed by the Airport Security Program (ASP) and Security Directives (SD). The Aviation Police Unit ensures the safe and orderly movement of traffic through effective direction and enforcement and responds to calls for service within the Albuquerque International Sunport and designated surrounding areas.

4-9-3 Airport Security Program (ASP) / Sensitive Security Information (SSI)

Some operational information is not provided in this policy due to Sensitive Security Information (SSI) and cannot be released without prior authorization in accordance with Code Federal Regulation (CFR) 49 Part 1520. If authorization is granted, the appropriate “Need to Know” information will be provided in order to perform daily assigned duties.

The members of the Aviation Police Unit shall protect the Airport Security Program (ASP), Sensitive Security Information (SSI) and/or classified information in order to prevent the unauthorized release of protected information. Protected information shall not be disseminated in any form to include, but not limited to written, verbal or electronic means. All Aviation Division operations, to include daily activities, are contained in the Aviation Operational Manual (AOM). The Aviation Operational Manual contains Sensitive Security Information (SSI) which is not for public release.

Due to government regulations and laws, the information designated as Sensitive Security Information, is not subject to transparency and public disclosure under the New Mexico Inspection of Public Records Act (IPRA).

4-9-4 Definitions

Governs the maintenance, safeguarding, and disclosure of records and information the TSA has determined to be Sensitive Security Information (SSI).

B. 49 Code of Federal Regulations (C.F.R) Part 1542

Requires that Law Enforcement personnel are available and committed to respond to an incident in support of a civil aviation security program when requested by an aircraft operator or foreign air carrier that has a security program.

C. 49 United States Code 114(s)

A National Strategy for Transportation Security and transportation model security plans addressing security risks, including threats, vulnerabilities, and consequences, for aviation, railroad, ferry, highway, maritime, pipeline public transportation, over the road bus, and other transportation infrastructure assets.

D. Aircraft Movement Areas
Runways, taxiways, and safety areas used for taxiing, takeoff, and landing of aircraft under control of the Federal Aviation Administration.

E. Aircraft Operation Area (AOA)

All areas of the Airport, located inside the Airport Security Perimeter. It includes Aircraft Movement Areas, aircraft aprons, cargo ramps, public aircraft parking positions, passenger terminal gates, leased areas, and ground vehicle roadways.

F. Airport Security Program (ASP)

A security program approved by TSA under 9 Code of Federal Regulations (C.F.R.) Part 1542.101

G. Aviation Operation Manual (AOM)

Detailed manual containing daily duties and operational responsibilities for the Unit. The directives and instructions in this manual serve as the operational guidelines for day-to-day activities. The information contained in the AOM is Sensitive Security Information (SSI) and restricted from public disclosure.

H. Security Identification Display Area (SIDA)

A portion of an airport, specified in the airport security program, in which security measures specified in this part are carried out. This area includes the secured area and may include other areas of the airport.

I. Transportation Security Administration (TSA)

An agency of the U.S. Department of Homeland Security that has authority over the security of the traveling public in the United States.

J. Transportation Operating System

Transportation operating systems under the jurisdiction of the Participant to include, but not limited to the Airport, Rail, Bus System or infrastructures determined by TSA.

K. Sensitive Security Information (SSI)

Information obtained or developed in the conduct of security activities, including research and development; the disclosure of which TSA has determined Classified Information and cannot be released without written permission of the Administrator of the TSA.

L. Security Directives (SD)
Directives issued by TSA in the form of an Information Circular to notify airport operators of security concerns. When TSA determines that additional security measures are necessary to respond to a threat assessment or to a specific threat against civil aviation, TSA issues a Security Directive that sets forth mandatory measures.

M. Explosives Detection Canine Team (EDCT)

1. Is a handler and:

2. A K-9 that is owned and regulated by the Transportation Security Administration, trained in the detection of explosives.

N. Deployment

Any circumstance in which an EDCT is utilized to conduct a systematic search for the presence of explosives.

O. Unattended Item

Any item (luggage, vehicle, electronic device, etc.) that is not normally present in the environment and is not attended by the owner or responsible party.

P. Suspicious Item

Any item (luggage, vehicle, electronic device, etc.) which, when looking at the totality of the circumstances, does not belong in the environment. These items exhibit indicators that is not normally present with similar items.

Q. Statement of Joint Obligations (SOJO)

The Document that defines the responsibilities and conditions agreed to by the Department for participation in the Transportation Security Administration (TSA) National Explosives Detection Canine Team Program (NEDCTP).

R. Other Transaction Agreement (OTA)

An agreement between the Department and TSA to cooperate in good faith and perform their respective obligations in executing the purpose of this agreement.

S. Canine Explosive Training Aid (CETA)

Aids or devices used in training a K-9 for the detection of explosive components that increase the effectiveness of training.

T. Explosive Trace Detection (ETD) or Explosive Detection System (EDS)
An alarm or alert with an indication of explosives, hazardous devices/materials, material or substances utilizing X-ray, swabs, CAT scan, whole body imaging devices, spectrometry, neutron activation, or other technology.

### 4-9-5 Chain of Command

A. All personnel will follow the Chain of Command, starting at the lowest level, when passing on information or discussing issues concerning the Aviation Division.

B. All correspondence and contact with outside agencies or personnel on problems and/or situations concerning the Aviation Division will be approved by the Chain of Command, including any discussions on Transportation Security Administration (TSA) Security Directives or procedures. The following exceptions do not require approval:

1. Situations needed to coordinate functions or issues associated with ordinary official police duties and day to day functions.

2. Situations or problems arising concerning TSA operations or personnel will be addressed through the Chain of Command and not directly to TSA personnel or management.

### 4-9-6 Area of Responsibilities

B. Geographical Areas consist of the following:

1. Area of responsibility within the Aircraft Operations Area (AOA).
   
   a. Albuquerque International Sunport Terminal
   b. Secure Identification Display Areas (SIDA)
      i. Commercial
      ii. General Aviation
   c. Southwest Provisions Building
   d. Baggage Tunnel
   e. Access Doors
   f. General Aviation
   g. Airfield Maintenance Facilities

2. Area of responsibility outside of the Aircraft Operations Area (AOA).

   a. Rental car facilities (3400 University Blvd SE)
   b. 2910 Yale Blvd. SE
   c. Sunport Blvd SE
   d. Sunport Loop SE
   e. Sunport parking lots and parking garage
   f. Girard Blvd. SE north to Miles Rd. SE
   g. Area south of Sunport Blvd SE to Rio Bravo Blvd. SE and East of University Blvd
h. Emergency responses outside of the airport property will be at the direction of the on-duty supervisor.

C. Commander

1. Reports directly to Field Services Bureau East Major.

2. Responsible for the overall efficiency of the Aviation Division.

3. Distributes the Aviation Division monthly report.

4. Collaborates with Airport Director, TSA Director and other federal agencies for the safety and security of the airport.

5. Participates in the development and administration of the Aviation Division annual budget.

6. Approval of all Aviation Division purchases.

D. Lieutenant

1. Reports directly to the Aviation Division Commander.

a. The Lieutenant shall monitor and control the daily assignments and duties of all sergeants and officers assigned to them.

b. The Lieutenant shall coordinate the day-to-day security and law enforcement operations of the Albuquerque International Sunport.

d. Other duties and assignments as directed by the Aviation Division Commander.

e. Will follow and complete all directives and procedures within the Aviation Division Operational Manual, ASP, Security Directives and any mandates.

E. Sergeants

1. Reports directly to the Aviation Lieutenants.

a. Sergeants are responsible for those duties outlined in the Division, Bureau and Department SOP’s.

b. Sergeants shall supervise the daily activities of their personnel and their responsibilities to include calls for service, traffic/parking enforcement and critical incidents or emergencies.

c. The on-duty shift sergeants will ensure distribution of the line-up to the Aviation Communications Center at the start of their shift. Line-ups will be kept on file for 3 years.

d. Sergeants will ensure that all assigned personnel are conducting themselves within accordance to all directives and policies of the Albuquerque Police Department SOPs, ASP and the Security Directives.
f. Ensure proper staffing levels are met as outlined in the ASP or as needed to ensure the safety and security at the airport.
g. The on-duty shift sergeants will prepare the daily line-up and complete the Police Activities Log to include significant information.
h. All significant events involving the security of the airport will be logged and reported to a lieutenant and the TSA.
i. Will follow and complete all directives and procedures within the Aviation Division Operational Manual, ASP, Security Directives and any mandates.
j. Sergeants will coordinate appropriate levels of response and request adequate additional resources for all critical incidents within the area of responsibilities of the Albuquerque International Sunport.

F. Aviation Division Officer

1. Duties

a. Officers shall promptly obey and support all directives and policies established by the Chief of Police, ASP, Security Directives and Aviation Operational Manual.
b. Provide a deterrence to criminal activity as mandated in 49 C.F.R Part 1542.
c. Will not leave their assignment unless relieved or authorized by a sergeant.
d. Respond to requests or calls for service by the TSA to assist in enforcement of federal regulations or requirements.
e. Take appropriate action if a violation of the law occurs.
f. Assist in preventing prohibited item(s) from entering the AOA or SIDA. In cases of prohibited items that are located, officers will notify their chain of command immediately and will file charges as appropriate.
g. Provide overall security to all persons and property, and respond to calls for service within the Albuquerque International Sunport and designated surrounding areas.
h. Will follow and complete all directives and procedures within the Aviation Division Operational Manual, ASP, Security Directives and any mandates.

4-9-7 Officer Assignments

A. Each officer assigned to the Aviation Division is issued an Aviation Operations Manual (AOM) which provides an outline of procedures to follow while working at the Albuquerque International Sunport. This manual cannot address every potential situation; instead this manual is used as a general guide. Officers assigned to the Aviation Division are required to follow the policies and procedures contained in this manual. Information in this manual is considered SSI and cannot be released without written permission of the Administrator of the TSA.

B. Officer's Assignments are determined by the ASP and SD.

4. Officers will be assigned to an area in accordance with the ASP and SD by a duty sergeant. Duty assignments are:
a. Checkpoint
b. Ticket Counters/arrivals
c. Baggage Claim/departures
d. Concourse A and B
e. AOA / SIDA
f. Exterior
g. Traffic
h. Parking Structure
i. Car rental facility

4-9-8 Aviation Division Canine Unit

4-9-9 Policy

It is the Departmental policy that Explosives Detection Canine Teams (EDCT) at the airport deter and detect the introduction of explosives into the Albuquerque International Sunport and the air carriers it serves. Bomb threats and terrorism disrupt air travel and pose an immediate threat to the safety of the traveling public; therefore, it is the mission of the EDCT to identify and assist in these situations quickly and professionally.

4-9-10 Rules and Procedures

A. The EDCT Supervisor and the handlers will insure that all provisions and responsibilities are met under the TSA SOJO. This includes, but is not limited to, Canine Explosive Training Aid (CETA) handling, K-9 care, training, documentation, and the proficient and safe operation of the EDCT.

1. EDCT will be utilized, at a minimum, eighty percent (80%) of their on-duty time within the Transportation Operating System (TOS).

2. On-call EDCT will respond to any deployment related to threats or suspicious incidents that are deemed viable by an on-duty supervisor at the designated TOS(s).

3. EDCT will conduct K-9 activities in the view of the public, providing a visible deterrent to terrorist threats and other criminal activity.

4. Proficiency training will be ongoing, and conducted regularly, in accordance with the TSA SOJO.

4-9-11 Utilization and Call Outs

A. Unattended items – Dispatched by the communication center or requested by Officers:

If EDCT is requested, they will search the immediate area and item in question. If the K-9 makes an alert or gives an indication of explosives and/or hazardous devices/materials a supervisor will be contacted and will determine if an evacuation of the area is needed and if
additional resources are needed. If the K-9 does not make an alert or give an indication of explosives or hazardous devices/materials the handler will advise the officer/supervisor. The officer/supervisor will determine whether additional resources are needed. EDCT will only advise the officer/supervisor on the K-9 response.

B. An EDCT shall be dispatched and respond to unattended items when a team is on duty and available. When an EDCT is not on duty, a supervisor must give approval for EDCT to be called out.

C. TSA Alarm Resolution:

If an officer is dispatched to an alarm resolution, that officer must initiate the investigation. The officer will contact a supervisor who will determine if EOD is needed and an evacuation is warranted. EDCT are not used to double check TSA alarms or equipment. The supervisor and the K-9 handler will determine the need for additional searches and resources.

D. An EDCT will respond to all credible bomb threat calls at the Albuquerque International Sunport.

1. The EDCT will report to the on-scene Incident Commander;

2. A cover officer may be utilized at the request of the EDCT.

E. EDCT is prohibited from having their K-9 present during demonstrations, protest, riots or rallies unless exigent circumstances exist. EDCT handlers may be used to assist, but only after their K-9 is secured and out of public view.

F. Evacuations:

1. Incident commander will ensure the airport evacuation plan is followed and determine if and what type of search is warranted during an evacuation:

a. Physical search: Employees are used to check their areas and a K-9 team will be called if unidentified and or suspicious items are located.

b. K-9 search: The entire area is evacuated and only K-9 teams, officers and essential personnel will be allowed in the area. An independent physical search must be completed by officers to rule out any prohibited items that may have been placed in the sterile area. If EDCT are not present at the airport, officers will not wait for K-9 to start an initial search for suspicious/unattended items.

G. When the decision has been made by a supervisor to use an EDCT to conduct a search for an explosive device, the handler at the scene is to assume control of the search, using methods consistent with the training received by the handler. Upon completion of the search, the handler will notify the supervisor of the search results. EDCT will only advise the officer/supervisor on the K-9 response.

H. The supervisor should rely on the experience and expertise of the handler as far as the actual search operation is concerned. The supervisor will then use the information
provided by the EDCT, in conjunction with other pertinent information and guidelines, to
determine the next course of action.

I. If an explosive device has detonated, officers shall abide by Bomb threats SOP 2-25-2. An EDCT shall conduct a search for a secondary device and any component of the primary
device that may have failed to detonate at the direction of EOD personnel. An EDCT cannot
render the incident “clear” or “safe;” Under the direction of the Bomb Squad supervisor,
Explosive Detection K9s may be requested to assist in the search. After a complete and
thorough search of the area, the Bomb Squad supervisor will decide if the area is deemed
safe to reopen. The Bomb Squad will not say the scene is “clear”, only that no further
explosives have been located. The responsible party of the property will be encouraged to
report any suspicious items that may be located.

J. An EDCT will respond to approved requests for assistance from police agencies, as
well as other public service entities, private industry, or citizens which demonstrate a need for
this expertise. The EDCT Supervisor must approve all requests, for both operational and non-
operational hours. Under no circumstance will the obligations to the Albuquerque
International Sunport be compromised.

K. The EDCT supervisor will make sure an EDCT is on-call during all non-operational
hours.

L. The on-call schedule will run for seven consecutive days (24 hours). K-9 handlers will
receive 8 hours of straight compensatory time for every week (7 days) they are on-call.

M. Handlers will be responsible for documenting all training, call-outs and utilizations on
the TSA Canine Website, in accordance with the SOJO.

4-9-12 Handlers Duties and Responsibilities

A. Report all incidents involving EDC (bites, loss, injury, illness, etc.), in accordance with
and outlined by the SOJO, to the K-9 Supervisor and Federal Canine Coordinator
immediately.

B. Handlers will update all required training logs and records that are to be reported to
the TSA canine website, outlined by the SOJO.

C. Each handler is directly responsible for the care of his or her assigned K-9.

D. Handlers will read and be familiar with the TSA National Explosive Detection Canine
Team Program (NEDCTP) and Other Transaction Agreement (OTA) between the TSA and
the Albuquerque International Sunport.

E. Handlers will be responsible for maintaining the cleanliness of airport kennel facilities
utilized by their K-9.
F. Handlers will avoid leaving their K-9 confined in a vehicle or airport kennel for extended periods of time.

G. Handlers will not allow any person to tease or agitate their K-9. Handlers will not allow any unauthorized person to pet their K-9. Only those persons authorized by the handler or EDCT Supervisor may care for the K-9.

H. When in the presence of the public, the K-9 will remain on leash unless:
   1. Practicing off-leash obedience
   2. Conducting off-leash explosives detection

4-9-13 Maintenance of the EDC (Explosive Detection Canine)

A. K-9 Handlers will receive one (1) hour of regular time per day for each day worked, for upkeep of the K-9 and associated equipment. This time is applied to every working shift, training day or leave day (vacation, comp, sick, etc.).

4-9-14 Care of K-9

A. Feeding – The K-9 will be fed daily, or as instructed by the veterinarian, using food provided by the department. Fresh water must always be available for the K-9. At no time will water or food be withheld from the K-9 as a form of punishment. The handler will dispense vitamins and medication as prescribed by the veterinarian.

B. Grooming – The K-9 must be groomed to insure proper hygiene and healthy appearance. K-9s will not be bathed unless approved by the veterinarian. Grooming will be done daily while on duty.

C. Sanitation – The handler will clean their yard and kennel on a regular basis of all droppings. The handler will clean up all droppings on airport property. Precautions will be taken to prevent K-9s from relieving themselves in buildings or other public areas. K-9s will not be allowed to drink from public fountains, pools, or stagnant puddles.

D. K-9s are not to be taken into any eating area unless required to do so in the performance of their duties.

E. First Aid – In the event of a medical emergency, the K-9 will be taken to the nearest emergency veterinary clinic. The Kirtland AFB Veterinary Treatment Facility will provide regular and routine care of the K-9s as mandated by TSA.

1. In the event the K-9 is hospitalized or out of commission for an extended period of time, the handler will continue to assist the other handlers with training and reporting needs. The EDT Supervisor may reassign the handler while their K-9 is out of commission.
4-9-15 K-9 Bites

A. If a K-9 accidentally bites or injures a person, the handler will notify the on-duty supervisor and follow the following procedures whether actual or alleged:

1. Secure the K-9 in a safe area away from the injured person.

2. Administer first aid.

3. Notify the on-duty supervisor and area Field Canine Coordinator (FCC).

4. The K-9 supervisor and area FCC will determine if any further action with the K-9 needs to take place.

5. Request a patrol officer to investigate the incident.

6. Photographs shall be taken in conformity with departmental regulations. Photographs shall be taken of any persons injured, or claiming to be injured.

7. Submit a written report explaining in detail the circumstances surrounding the incident, before end of shift.

8. If the injury or incident involves another animal, the handler should attempt to locate the other animal and notify Animal Control to have the animal captured.

9. If an incident should occur off duty, the handler will follow the same procedure of notifying the supervisor and administering first aid.

10. The K-9 Sergeant will ensure Risk Management is notified and/or sent a copy of the completed report.

4-9-16 SAFEKEEPING/TRANSPORTATION OF EXPLOSIVES

A. The handling and safekeeping of TSA CETA will be in accordance with the Federal guidelines established in the OTA and SOJO. At a minimum, the following security procedures for all explosives training aids must be implemented/documented:

1. Store all explosives under lock and key;

2. Maintain a key and lock control system; appoint a custodian of the system (in writing)

3. Institute a key and lock register;

4. Maintain a list of personnel authorized to use/issue keys;

5. Secure keys in a locked container when not in use;
6. Aviation K-9 team members will not transfer explosive access keys to any unauthorized personnel;

7. Utilize high security padlocks/hasps;

8. Inventory keys and locks at least annually;

9. Visually check storage site access doors daily (manning permitted);

10. Physically check storage site access doors at least weekly;

11. Ensure transportation of explosives training aids conform to all Federal, state, local and TSA requirements;

12. No explosives will ever be carried in the cab of the vehicle unless authorized by their chain of command.

Nothing in this SOP shall supersede the TSA requirements for participation in the National Explosive Detection Canine Team Program at the Albuquerque International Sunport.

4-9-17 Uniforms

A. Officers will comply with Procedural Orders 2-1 SOP regarding uniforms. In addition to the regular APD patch, Officers assigned to the Aviation Division are authorized to wear the "Aviation Division" patch. The patch will be worn in accordance with APD uniform SOP 2-1.

B. K-9 Officers will comply with the Procedural Orders 2-1 SOP regarding uniforms. K-9 officers are authorized to wear black polo style shirts with tan, tactical/BDU style pants, 5.11 brand or equivalent. In addition to the regular APD patch, K-9 Officers assigned to the Aviation Canine Unit are authorized to wear the "Aviation K-9 Unit" patch. The patch will be worn in accordance with the APD uniform SOP 2-1.

4-9-18 Vehicles

A. Vehicles are assigned to Officers each shift and will be inspected by the On-Duty Sergeant by the end of each shift. Vehicles will be inspected for, but not limited to, damage, cleanliness and equipment. Vehicles will be returned at the completion of each shift.

B. Canine handlers will have a vehicle assigned to them for the safe transportation of canines to and from the handler/canine's residence and duty assignments. Use of the vehicle is permitted for transportation to court, training, special assignments, or other Departmental approved activities. All vehicles will be operated in accordance with Departmental Policy and Procedures.

C. Canine Handlers will make sure their vehicle is always properly secured, with an operational temperature control monitoring system.
4-9-19 Schedule

A. All personnel will participate in a bi-annual bid in the first quarter and third quarter of the year, or as stipulated in the union contract.

B. All personnel will bid for shifts and days off, as stipulated in the union contract and department policies.

C. Approved leave will be given as stipulated in the union contract and department policies.

4-9-20 Security and Airport issued SIDA Identification

A. Sworn personnel shall not circumvent any TSA Security directives absent exigent circumstances.

B. Sworn personnel shall swipe their Airport Badge through a card reader prior to entering the Sterile Area of the terminal building or SIDA.

1. A “Code 3 Emergency” is the only exception to this rule.

2. Aviation Division employees must qualify for and maintain current Airport issued SIDA Identification. Failure to do so will result in removal from the unit.

3. Officers will visually display their Airport issued SIDA identification on their persons at all times while on duty.

C. Aviation Personnel with a valid Albuquerque International Sunport SIDA Identification may escort non-badged individuals.

4-9-21 Air Control Tower Procedures

A. Aircraft Movement Areas

1. Officers will not enter Aircraft Movement Areas unless escorted by the Airport Operations Officer or with their approval.

2. Only in extreme exigent circumstances of imminent danger can an officer enter the Aircraft Movement Area without prior approval. Prior to doing so the officer shall use all precautions, consider any incoming and outgoing Aircraft Traffic and the location of the threat or endangered person. Dispatch and Airport Operations Officer shall be notified at the first possible time.
