2. An ECC Dispatcher shall:
  - a. Immediately dispatch Field Services Bureau (FSB) sworn personnel; and
  - b. Notify the on-duty FSB supervisor of the situation.
    - i. When directed by the dispatched officer or FSB supervisor, the ECC Dispatcher shall notify Albuquerque Fire Rescue (AFR) and provide deployment instructions to respond to the scene with the appropriate apparatus.
3. Responding sworn personnel shall:
  - a. Leave their radios and mobile dispatch terminals (MDT) powered on during the search for an explosive device to ensure communication is maintained between sworn personnel and ECC personnel;
    - i. If responding sworn personnel locate a device during a search, they shall move a safe distance from the device and take a position of cover prior to transmitting over the radio.
  - b. Make contact with the person in charge of the premises and the person who reported the threat;
  - c. Make inquiries quietly and avoid reference to a "bomb threat" until actually contacting the parties who can provide direct evidence of the bomb or explosive device;
  - d. Ask specific questions, including, but not be limited to:
    - i. Have previous threats been received and what were the outcomes of those threats?
    - ii. Are there possible motives?
    - iii. Are there vulnerabilities on the property or in the building?
  - e. Ask any other questions that may assist them in determining the probability of a bomb or explosive device being on-site;
  - f. When the probability of an explosive device has been established, make telephone contact with the ECC;
    - i. The ECC dispatcher shall make a subsequent notification to the FSB supervisor.
  - g. Advise the ECC Dispatcher regarding deployment of AFR equipment; and
