authorize the disposition of felony cases in which the District Attorney's Office has indicated that they will not pursue adjudication. Additionally, when the original or tagging officer is no longer with the Albuquerque Police Department (APD) or the BCSO, it will be the responsibility of the appropriate Area Commander to complete the disposition review letter indicating the disposition of evidence. Return signed and dated paperwork to the Evidence Unit as soon as possible.

- a. The investigating officer must authorize the release of evidence in felony cases that are acceptable to the District Attorney.
- b. Officers must report the disposition of all cases when returning evidence to the Evidence Room, sign a release form and indicate if the evidence is no longer needed.
 - i. Requests for the status of cases will be sent to officers on cases that have met statutory requirements or have received District Attorney disposition authorization. Officers will advise evidence technicians if the items in question should be disposed of or will identify the detective who assumes investigative responsibility for the case. If an item is to be retained, the officer will advise evidence of the case status (e.g. pending trial, warrant issued, etc.). The retain date provided by the officer will be considered the officer's authorization for final disposition processing when it is acceptable to the District Attorney or has met statutory requirements.
 - ii. If, after fifteen calendar days the officer does not respond to the request for status, the request will be considered unacknowledged and reported to the officer's immediate supervisor. Each fifteen days thereafter that the request goes unacknowledged, a request for status will be sent to the next level in the officer's chain of command. If the request goes unacknowledged through the rank of Commander, it shall be assumed that the evidence items that are the subject of the request are no longer needed and any misdemeanor evidence may be disposed of in accordance with the purging policy outlined in 2-73-2 (M)(5)(d) and (e).
 - iii.ii. Officers or employees departing from City employment are required to check out with the Evidence Unit before their departure. Officers/employees must supply the Evidence Supervisor with case disposition on all cases involving items of evidence tagged throughout the officer's/employee's career.
 - iv.<u>iii.</u> The Evidence Supervisor will not sign off on the out-processing form unless this process is complete. Failure to complete the process could result in the delay of the officer's/employee's checkout process. When the responsible officer is not known or is no longer with the department, the Area Command where the incident took place will assume evidence disposition responsibility. The dispositions will be sent to the last known

The Supervisor authorizing the disposition will print and sign their name on the form that will be forwarded to the Evidence Unit, Supervisor. B. Disposition of Found Items 	
1. Officers shall obtain pertinent information from the finding party including name,	
address, and phone number. Officers will then attempt to identify the owner and return the property. If contact with the owner cannot be made during an officer's tour of duty, the item will be tagged into Evidence as a found item. Information concerning the finding party should be reflected on the evidence tag or entered into OIM. If contact is made at a later time (after the item has been tagged into Evidence) the owner will be provided the case number to assist in the return of the item.	
2. Whenever any unclaimed personal property, which a finder has left in the possession of the city police, has remained unclaimed by the true owner for more than 90 days, Evidence Unit personnel shall notify, by mail, the person finding the property and advise that they may take possession of the property within 30 days.	
a. If the property is not claimed by the finding party within 30 days, it will be disposed of as provided by law.	
C. Safekeeping Property: Submission and Disposition	
1. Property may be tagged into the Evidence Unit for safe keeping when:	
 a. The officer has exhausted all other possibilities of disposing of the property. b. The owner is known. c. The owner has a permanent mailing address. 	
 The submitting officer will notify the owner that the Evidence Unit is holding the property and that he must have the property picked up within 30 days. 	
 The date, time, and method of notification will be noted on the evidence tag and OIM. 	d
