

# CITIZEN POLICE COMPLAINTS JANUARY THROUGH JUNE

## STATUS

## FINDINGS

## Legend

**Received:** This reflects the total number of complaints persons filed with the IRO against the police from January to prior month

**Inactivated:** The IRO closed these complaints without conducting a full investigation. This was done for many reasons. Some cases are inactivated/closed because the IRO did not have jurisdiction to investigate the complaint. i.e. the officer was not employed by APD, or the complaint was filed greater than 90 after the incident. In other cases, the IRO inactivated/closed cases because the matter resolved through a mediated agreement, either formally or informally.

**Closed:** The number of complaints which the IRO conducted a thorough and impartial investigation and made findings for each alleged violation of APD's Standard Operating Procedures (SOP). Standard Operating Procedures are the rules which APD police officers must follow.

**Exonerated:** This means that after conducting a thorough and impartial investigation, the IRO found that the incident that occurred was lawful or proper.

**Unfounded:** This means that after conducting a thorough and impartial investigation, the IRO found that the allegation was false or not based on valid facts.

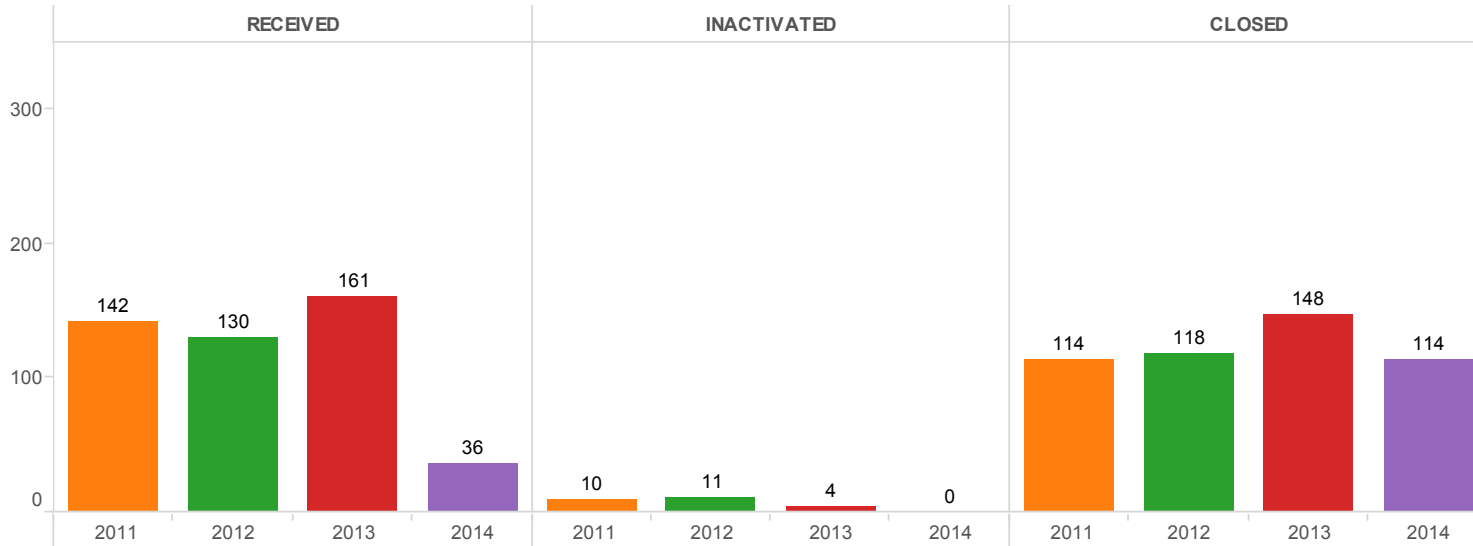

**Not Sustained:** This means that after conducting a thorough and impartial investigation, the IRO found that there was insufficient or not enough evidence to prove or disprove the allegation.

**Sustained:** This means that after conducting a thorough and impartial investigation, the IRO found that the allegation was supported by sufficient or enough evidence.

**Total:** Each complaint may allege more than one SOP violation and may involve more than one officer. The IRO separately investigated each allegation against each officer and made findings on all of these alleged violations of SOPs. Therefore the total number of alleged SOP violations would be greater than the number of total complaints received.
