HANNAH GOODMAN NEW DOWNTOWN DAYSHIFT OFFICER

From Officer Hannah Goodman,

I began my law enforcement career with the Santa Fe Police Department in 2018 and moved to the Albuquerque Police Department in June 2021. I moved to Albuquerque from Santa Fe at the very end of 2019. Working with APD has provided me with opportunities to grow in my career while working closely with my community.

I was born and raised in Bloomington, IN and studied anthropology at Indiana University. I love friends, fitness and food, and am a middling writer of prose poetry. My favorite authors are Jim Harrison and Haruki Murakami, and my favorite philosophers are Camus and Nietzsche. I've recently rediscovered my love of ice skating and fall down every time I go.

My long term career goal is to work in criminal investigations. My vision for the Downtown Public Safety District is a vibrant and safe nexus for all of the different communities in Albuquerque to collaborate.

Welcome Aboard! Officer Hannah Goodman, APD—Valley Area Command, Downtown Unit. Phone: 505-361-5789, Email: hgoodman@cabq.gov

DOWNTOWN PUBLIC SAFETY ECHO

*February 2023
Property Crimes*

My ABQPD

The Albuquerque Police Department is launching a new mobile app providing real-time information at your fingertips.

APD formerly had the ABQ Police App where the public could submit tips, find a link to file reports and access the department’s social media accounts. Now, APD is switching over to the Atlas One, APD has launched the My ABQPD app which is a communications platform that helps public safety agencies modernize the way they connect and interact with its residents and visitors. When the app has been downloaded, alerts can be catered to an individual’s preferences whether that be for minor, up to extreme alerts.

Through the app, the public can also submit tips regarding on going investigations. For example, if a missing persons flyer is issued, the public can reply to the alert on the My ABQPD app and provide helpful information that could assist officers locate that individual.

Although the app has messaging capabilities, in case of an emergency please call 911. For non -emergencies, please call 242-COPS. Reports can be filed online, or in person at any area sub-station. The Atlas One can be downloaded on both the APPLE App store and on Google Play. If you have the old version of the APD app please remove from your devices.

For more information visit:

APD Continues Advancements in Technology, Launches New Mobile App Providing Real-time Information — City of Albuquerque (cabq.gov)

BEAT 224
Auto Burglary—1
Residential Burglary—2
Auto Theft—2

BEAT 225
Auto Burglary—2
Commercial Burglary—2
Auto Theft—6
Robbery—Auto—2

This information is pulled from daily Calls for Service, which reflects all calls made to APD’s 911 Emergency Communications Center. It does not reflect all crimes that police investigate, nor the final outcome of crimes investigated. Furthermore it may not reflect the true location of crimes as they may have occurred in a different location from which they are reported.

To put that into perspective, APD receives about 1 million calls each year. By contrast, about 145,000 police reports are generated each year, which is more reflective of actual crimes. For that reason, the information illustrated should not be used to determine crime trends.

For further information on Property Crimes please contact APD Crime Prevention at 505-768-2006.

Dedicated Professionals

“We have an incredible team working downtown as many of you are aware. Our team is committed to the success of the downtown area, and we are completely brought into this mission.”

Thank you for your continued support to the Downtown Public Safety District.

This area is defined on the east by Broadway, on the north by Lomas Blvd. NW, on the south by Lead Ave. NW and on the west by 12 street NW.

FREE ANTI-THEFT SOFTWARE UPGRADE

“Automakers, Hyundai & Kia, have just announced a software upgrade available for 8.3 million U.S. vehicles to help prevent the vehicles from starting during a method of theft.”

“The free upgrade will be offered for 3.8 million Hyundai and 4.5 million Kia vehicles in the United States. For Hyundai, the upgrade will be available beginning February 14th to more than 1 million model year 2017-2020 Elantra, 2015-2019 Sonata and 2020-2021 Venue vehicles. The software upgrade is scheduled to be available for the remaining eligible affected vehicles by June 2023.”

FENTANYL SAFETY

As little as **2 milligrams** of fentanyl can be lethal.

That’s about the amount shown on the tip of this pencil.

“Illicitly manufactured Fentanyl (IMF) is available on the drug market in different forms, including liquid and powder.

Powdered Fentanyl looks just like many other drugs. It is commonly mixed with drugs like heroin, cocaine, and methamphetamine and made into pills that are made to resemble other prescription opioids. Fentanyl-laced drugs are extremely dangerous, and many people may be unaware that drugs are laced with Fentanyl.”

Parents/Guardians, we urge you to talk to your kids about Fentanyl and the dangers that come with it.

#OnePillKills #SaferNeighborhoodsTogether

GENERAL CRIME PREVENTION TIPS

Being safer doesn't require changing your lifestyle, personality, or the things you enjoy doing. Planning ahead can keep you safer at home, at work, and while enjoying your favorite activities.

Table with 2 columns and 2 rows. Columns: At Home, At Work. Rows: At Play, Getting There. Each cell contains a bulleted list of safety tips.

Crime Prevention through Environmental Design (CPTED) - This newest crime prevention program discusses an approach in which the environment and structures of proposed projects are analyzed to determine what changes and use of technology may result in fewer crime problems in the foreseeable future.

Business Crime Prevention Programs - Armed Robbery, Shoplifting, Commercial Fraud, Violence in the Workplace, Surviving Bank Robbery (Alarm Response), "Home Visit" Safety (each topic is a separate presentation).

For further information please contact: APD Crime Prevention - (505) 768-2006

VALLEY COMMUNITY POLICING COUNCIL MEETING, MARCH 23

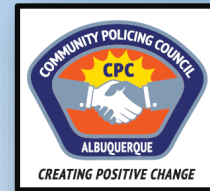

Do you ever wonder what types of crime are going on in your immediate neighborhood? Do you feel concerned about changes and what the factor might be? One of our council members will be presenting a highly extensive crime mapping tool that will answer these questions and more. This tool can go block by block to provide enlightenment about what's going on in your specific, really specific, area. We are also hoping that Chief Medina will be present for a while to answer any questions.

Our meetings are currently at the Johnny Tapia Community Center, between 5th and 6th with parking a little further up in front of Rosemont. We are attempting to keep the meeting down to just an hour and a half, from 6:00pm to 7:30pm, though sometimes we run a little bit over. The link to join virtually is

Our meeting this past month with Superintendent Valdez who oversees the DOJ agreement process was both informative and interesting. Sadly, we had very low attendance and we hope to build to more participation. As this upcoming meeting directly addresses community issues and concerns, perhaps our attendance will improve.

We are still looking for council members. To get a brief overview of who we are and what we do, and to submit a statement of interest, please go to <https://www.cabq.gov/cpoa/community-policing-council>.

Hoping to see you at the meeting.
From Your Valley, CPC,
Rowan Wymark
