Congratulations! APD—Downtown Unit of the Month

- HIGHLIGHTS -

Over the last nine months, the downtown officers had several interactions with a young male experiencing homelessness in the downtown district.

When officers interacted with him they had a challenging time getting him to communicate or provide any information about himself.

Over time, Downtown Officer's decided to try and find out more about him and learned he played college football in North Carolina. Somehow, he ended up in Albuquerque and was living on the streets.

Sgt. Matthew Tinney and Officer Joshua Harris continued to look into his history and were able to find a contact for his mother . After speaking with her, officers learned his family did not know where he had been for the last year, but they were thankful to know he was okay.

Downtown officers said from that point on, his behavior began to change. The unit helped him get a cell phone and with the assistance of Heading Home he was provided food and new clothes.

He began to warm up to the officers and even sat with them at the substation watching his old football highlights and interviews. With the assistance of local partners, "Pay it Forward" and APD they were able to get him a bus ticket back home. **Officer Joshua Harris** stayed with him ensuring he got on the bus with safe travels back home to his support system. Our Officers are dedicated to putting necessary resources in place. It is our hope for him to be reunited with his family and get the assistance and care he needs moving forward.

He continues to remain in touch with Sgt. Tinney, calling him several times since his departure. The help and effort The Downtown Officers made ensuring this individual got home all the way across the country is heartwarming.

Vehicle Theft- Statistic

Did you know that nearly 50% of vehicle theft is due to driver error?

Make sure to:

- Always take your keys with you.
- Never leave your car unattended if it's running.
- Close and lock all windows and doors.
- Park in well-lit areas.

If it's visible in your vehicle, there's a risk it could be stolen. Make sure you keep the property inside your vehicle hidden, such as cell phones, phone chargers, and other electronics. ”

Prevent Vehicle Theft.

Never leave your keys in the ignition, even for one minute.
Always lock your doors and park in a garage or a well-lit area.

If your vehicle is stolen

- Report it to the police immediately.
- Be ready to provide the make, model, year, VIN, and color of the vehicle.
- Contact your insurance company.

Stay Alert in These Areas

- Parking garages
- Parking lots
- Street Parking

“A thief can strip a car of its parts in under half an hour. Don't be a victim: Always keep your vehicle doors and windows locked, and park in a well-lit area.”
