2. SOP 2	2-84 Body Cavity and Strip	Presented by: Sgt. Gerard Bartlett,
Searc	hes	Investigative Services Division
Discussion:	Sgt. Bartlett explained that the language that referred to an individual who was arrested was changed because the individual being searched is not always under arrest. He confirmed he replaced "suspect" with "individual". He also confirmed that the SOP was aligned with SOP 2-8, Use of On-Body Recording Devices, when sworn personnel are recording audio data during strip searches and body cavity searches. A question was asked about whether OBRD videos were available to the public as governed by the Inspections of Public Records Act (IPRA) and how this could compromise the privacy of	

	individuals being searched A	question was asked about whether the hospital
