Message from the Commander

By Luke C. Languit, Commander, Phil Chacon Memorial

May 2023

Your officers are working extremely hard, we are doing everything we can to respond quicker to calls for service, lower crime, and have meaningful community engagement.

Your officers are working extremely hard, we are doing everything we can to respond quicker to calls for service, lower crime, and have meaningful community engagement.

With the warmer months here now, we are focusing on bringing in more resources and personnel, to have a strong presence with enforcement, to disrupt and stop the shooting homicides and shootings with injuries.

I also am pleased to announce we have a new Crime Prevention Specialist, Amanda Keiter, I am excited for everyone to meet her at our next community events.

Lastly an update on the Phil Chacon Memorial Substation, we should be breaking ground on building the second half of the facility this coming month. The construction should be about a year and a half before it is completed. Please go to the Triangle Substation in Nob Hill for services to the public.

Message from Acting Deputy Commander

By Ray Del Greco, University Area Command

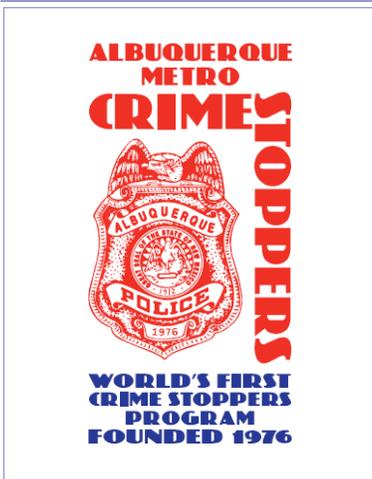

April was a positive month for the University Area Command as far as crime statistics were concerned. The University Area Command is seeing a 62% reduction in robberies and 4% reduction in burglaries between now and the same time last year. University Area Command officers have made 23 felony arrests in the last four days and continue to make significant arrests during day, swing, and graveyard shifts. The University Area Command lost one officer due to promotion but thankfully we have a class of lateral officers from other jurisdictions who are going through the APD Academy and should be released soon. One of those lateral officers will be sent to make up for the officer we lost which will leave the University Area Command fully staffed.

If I can as you all to remain vigilant and keep an eye out for criminal activity in your neighborhoods. If you see something say something, notify 242-COPS or 911 so officers can saturate the area and try and change criminal behavior. Thank you all for giving APD the opportunity to serve you in the University Area Command.

Meet the New Crime Prevention Specialist for the Southeast & University Area Command Amanda Keiter

Hello, my name is Amanda Keiter, and I am the new Crime Prevention Specialist for the University and SE Area Commands.

I grew up in New Mexico and have lived here most of my life. I graduated from the University of New Mexico back in 2014 with a Bachelor's Degree in Criminology and Biology. I previously worked with APD at the Crime Lab as a Forensic Laboratory Technician processing evidence for finger and palm prints. Prior to that, I worked in the Identification Unit as an ID Technician doing Tenprint verification. My total time with APD adds up to about 4 ½ years. I am excited to continue my work with APD in this new position. I have loads to learn about the different communities that make up the University Command and the SE Area Command, but I am looking forward to the journey ahead!

Please feel free to reach out to me by phone at (505) 768-2005 or by email at akeiter@cabq.gov
