North Valley Construction Updates

As many of you may have noticed, there is a rendering of the construction near the front entrance. I'm here to answer any questions you might have regarding the addition and the renovation of the front desk area.

- The North Valley Senior Center will remain operational throughout the construction process.
- Please be aware that some noise and dust may occur during the demolition phase.
- Currently, we do not anticipate any disruptions to our programming, with the exception of the Billiards room.

The Billiards room is part of the renovation and will be closed until that section of the project is complete. I will provide monthly updates and display signage as necessary to keep you informed of any changes. Please pay attention to all signs indicating restricted areas, as this is for your safety. Thank you for your cooperation. Julianna Brooks, Center Manager
