- Additional data collection + analysis
- Public engagement to help define the problem, set goals, and develop action steps
- Peer exchange with other Vision Zero cities
- Implementation and testing
ACTION PLAN THEMES

- **Engineering + Roadway Design**: Prioritize the safety of all road users and use complete streets design principles when designing, building, and reconstructing roadways.

- **Safe Speeds**: Implement speed management.

- **Policy, Regulation + Practice**: Establish and advocate for proactive and equitable policies, regulations, and practices that center safety and for all roadway users.

- **Data + Transparency**: Use data to make decisions, prioritize funding, and evaluate traffic safety projects to ensure that Vision Zero initiatives, and the data behind them, are equitable and transparent.

- **Education + Encouragement**: Promote a culture of safety and care among all road users.

- **Walking + Rolling**: Increase opportunities for people throughout the city to safely walk, bike, and use mobility devices.
