

Albuquerque MSA Draft Priority Climate Action Table

Sector	2021 Climate Action Plan Strategy	Measure	Program/Project Alternate Name
Transportation	Transit Access and Active Transportation	Bike safety infrastructure (lanes/blvds)	San Pedro Bike Lanes
			Claremont Bike Blvd
		Multi-modal urban trail investment	Rail Trail - Old Town Segment
			Rail Trail - Barelas Segment
	Transit access improvements co-located with housing projects	CABQ Uptown Connect	
	Vehicle Emissions Reduction	Replacing Gasoline- and Diesel-Powered Fleet Vehicles (Light-, Medium-, and Heavy-Duty) with Electric Fleet Vehicles	CABQ Zero Emission Bus Deployment
			Replacing Gasoline Powered City Fleet Vehicles with Electric Fleet Vehicles across Multiple City Departments
			Convert Aviation fleet to ZEVs
			Convert rental car shuttle buses to ZEVs
	Replacing Gasoline Powered Transit Department Paratranist Vehicles with Electric Vehicles		
	Clean school buses: Replacing diesel with electric vehicles	Electrification of APS Bus Fleet	
	Vehicle Emissions Reduction Infrastructure	Infrastructure for zero emissions fleet	Yale Operations and Maintenance Facility Upgrade - Eletrification of Fleet Infrastructure
		Infrastructure for zero emissions buses (on-route charging)	On-route chargers at Transit Centers (Northwest, Far East, Spanish Bit) and VA Hospital
		Publicly accessible EV charging infrastructure	Bernalillo County Public EV charging stations in county
			Install publicly accessible EV charging stations around Sunport and DE II property
Infrastructure for electric school buses	Electric vehicle charging at every APS High School		
Buildings	Energy Efficiency for Frontline Communities	Energy efficiency for community gathering spaces and residents	Community Energy Efficiency
	Green Buildings & Development		Bernalillo County Community Center Energy Efficiency Upgrades
		Renewable Energy Development	Municipal building energy efficiency upgrades
	Solar and storage to support fleet transition to EVs		Yale Operations and Maintenance Facility Upgrade - Energy Efficiency for Green Buildings
Waste & Materials Management	Waste Reduction and Composting	Food waste reduction/prevention	Residential Food Waste Reduction, for EJ focused communities
			Restaurant Food Waste Technical Assisstance, for small, local businesses
		Landfill diversion to composting and local soil application	Community Composting System expansion in EJ comms
			Parks and Rec Green Waste Managment
Natural & Working Lands	Greening Efforts in Frontline Communities	Heat mitigation through strategic tree canopy assessment and expansion	Parks and Rec Increasing Tree Inventoring
	Sustainable Land Use Planning & Practices	Errosion prevention stormwater improvements	South Valley Street Tree & Green Stormwater Infrastructure
