#### 2. Google Maps – zoom in to see bus stops; click on the bus stop icon

# 2.a. Google Maps – If multiple bus routes appear, click on a bus route

# 2.b. Google Maps – If multiple directions or endpoints appear, click on a bus route

## Google Maps App for iPhones and Android Mobile Devices

• The default Google Maps Mobile Application that comes with iPhones and Android phones does not have the same functionality as Google Maps on the web.

• Clicking on a bus stop on the Mobile App will reveal schedule data, but <u>not</u> bus STOP numbers.
