

Mayor Timothy M. Keller

CITY OF ALBUQUERQUE
Albuquerque, New Mexico
Office of the Mayor

INTER-OFFICE MEMORANDUM

July 24, 2025

TO: Brook Bassan, President, City Council

FROM: Timothy M. Keller, Mayor 

SUBJECT: Q4 FY25 ABQ RIDE Quarterly Security Report with APD, ACS, and Metro Security Data

The Transit Department was directed by O-22-47 to submit an executive communication each quarter containing security data from multiple security entities starting in July of 2024 for Q4 FY24. This report presents data from ABQ RIDE, Albuquerque Police Department (APD), Albuquerque Community Safety (ACS), and Albuquerque Metro Security. Report information includes Q4 FY25 statistics on calls for security service. Calls are categorized and documented by location (such as on the bus, at bus stops, on bus routes, and at transit facilities when available), by reporting entity and by incident type. All data has been verified by each department prior to submission. The Transit Department is currently working with a consultant (Parametrix) to streamline and improve data collection across all security reporting departments and establish key performance indicators for security data that will inform decisions for safety and security resource deployment.

ABQ RIDE has a multi-layered approach to transit safety that approaches different types of safety issues with a matched response for the need.

APD is ABQ RIDE's primary partner in transit safety. APD provides Transit Safety Officer (TSO) patrols of the Alvarado Transportation Center 24/7. Transit Safety Officer mobile units are dedicated to transit and meet incidents that arise across the entire transit system as well as provide proactive patrols. Police Service Aides (PSA) provide observe and report services on City buses. Both TSO's and

PSA's have direct access to APD sworn officers should the need arise. APD also conducts undercover operations in transit corridors to monitor safety and provided Crime Prevention Through Environmental Design analyses for transit facilities to improve rider and staff safety. APD does not have the ability to identify incidents as specific to transit, report on bus or by route data because geographic data is based on address and bus incidents and on route data does not provide that. The Transit Department is continuing to work with APD to increase the number of full-time TSO positions in accordance with the recommendations of the Long-Range Transit Security Plan.

Metro Security provides on-demand mobile support if there are no mobile TSOs available.

ACS plays a supportive role in the overall public safety framework by responding to non-emergency calls related to behavioral health, suicidal ideation, welfare checks, wellness checks, homelessness, and related concerns. These calls for service are received through 911 or 311, much like calls for service at other locations throughout the city. While ACS may respond to incidents at bus stops and transit locations, the department does not provide security or enforcement, nor does it assign personnel specifically to provide transit security.

More information about ABQ RIDE's safety strategy can be found on ABQRIDE.com.

TITLE/SUBJECT OF LEGISLATION: **Q4 FY25 ABQ RIDE Quarterly Security Report with APD, ACS, and Metro Security Data**

Cover Analysis

1. What is it?

Executive Communication containing a submission of ABQ RIDE Quarterly Security data for Q4 FY/25 as required by City Council. This reporting is required as part of O-22-47 in conjunction with overall transit security and equitable access efforts. The report presents ABQ RIDE security data and incident reports from Albuquerque Police Department, Albuquerque Community Safety, and Albuquerque Metro Security.

2. What will this piece of legislation do?

Communicate quarterly security data for ABQ RIDE.

3. Why is this project needed?

This update is in response to O-22-47 requiring the department to provide quarterly statistics on calls for service to ABQ RIDE motorcoaches, Sun Van paratransit vehicles, and the bus stops and stations of the City of Albuquerque Transit Department.

4. How much will it cost and what is the funding source?

There is no additional cost to the city

5. Is there a revenue source associated with this contract? If so, what level of income is projected?

N/A

6. What will happen if the project is not approved?

N/A

7. Is this service already provided by another entity?

N/A

FISCAL IMPACT ANALYSIS

*Proactive calls are precautionary before an incident takes place. PWATCH and Security Check calls are classified as proactive. PWATCH is a Period Watch defined as proactively checking an address or location. Security Checks include officers conducting proactive/routine checks of Transit facilities (bus stops, Transit centers) to ensure these areas remain safe. Other APD categories that are included in this count are Onsite Direct Traffic, Onsite Surpluses, Contact, Trng, Student, Onsite Detourage, Traffic Stop, Field Briefing, Tap Plan, Community Activity, Subject Stop. In addition to Security Checks, proactive Metro Security categories include: Post Inspection, Fire Watch, and Administrative.

Reporting Period	Reporting Due	Reporting Period	Reporting Due
