Our recommendations need to align with data

Be realistic with timeline

Ask yourself “Does this actually decrease gun violence?”

What are some best practices in cities similar to Albuquerque?

Who to engage and when

- All aspects of gun violence, include everyone who is affected
- Community Leaders
- Culturally rooted orgs
- Youth and those who work with youth

-
- Probation/Parole
 - Gang unit
 - Victims/Survivors and those affected both directly/indirectly

Before assuming what a community needs, engage them

Data (45 mins)

Need Data specific recommendations

Provide experts

Evidence based

Who holds what data?

Discussion Questions

What is the current state of the result?

Gun violence is at an all-time high and on the rise across the country, this is not specific to NM or Albuquerque.

Significant increase during pandemic, mental health concerns

What is the current state of the result for different populations? Is everyone fairing equal?

Disparity in Black and Hispanic communities

What do you notice about the connection of results and available resources?

What data is missing? What would help you better understand the result?

Race and age specific, Location. Pandemic specific with all ages but especially youth

IV Public Comment Gun Buy will be held in July
